

Prescription management wherever you are

Access Anthem's online pharmacy tools at home or on the go

Manage everything you want and need to know about your prescription benefits in one place. It's easy. It's convenient. From getting your prescriptions filled to receiving health alert notifications and more, you can find it all by using our prescription benefit tools on anthem.com.

Get started

On anthem.com, choose **Prescription Benefits** and log in. On the Pharmacy homepage, choose an option to access our easy-to-use prescription tools. For some tools, you will be redirected to Express Scripts, the company that helps support your prescription drug benefits.

1 Search your drug lists

We've added a drug search tool that automatically takes you to the drug list that applies to your benefit plan. You can search your drug lists for up-to-date information, such as:

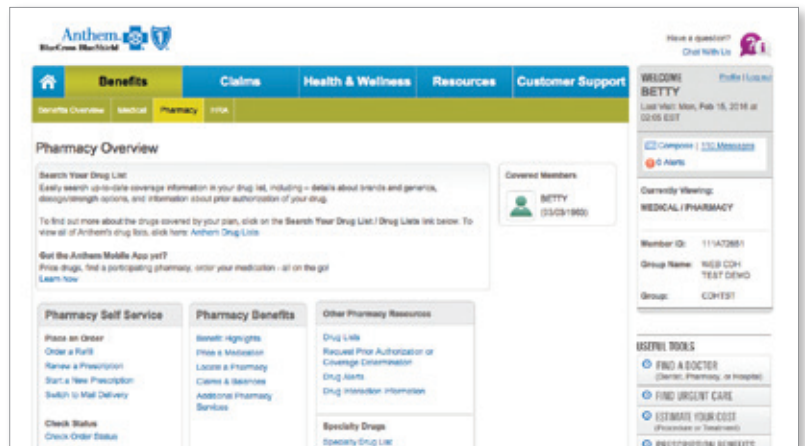

- Tier status
- Clinical programs including quantity limits, dose optimization, prior authorization and step therapy
- Therapeutic class and category

2 Find a pharmacy in your network

With the **Locate a Pharmacy** tool, enter your ZIP Code and let us know if you want to see pharmacies that are open 24-hours a day or not, then choose Search. You'll see a list of nearby pharmacies in your network, including pharmacies where you can fill a 90-day supply (depending on your benefit), or you can view them on a map.

3 Find out how much a drug will cost

With the **Price a Medication** tool, you can search for a brand or generic drug by name. Just enter the name of the drug and choose Search. You'll see lower-cost options for the generic version of a brand drug, how much your plan pays and any out-of-pocket costs. Plus, the tool allows you to see costs for retail versus home delivery.

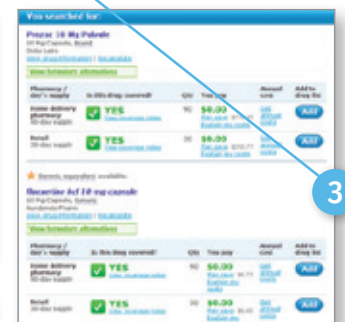

Pharmacy homepage

1

Brand Name	Therapeutic Class	Dose/Strength	Status	Notes & Restrictions
Hydrocodone 10 mg tablet	Opioid Analgesic	10 mg	Tier 1	
Lipitor 10 mg Tablet	Statins	10 mg	Tier 3	

Definition of Symbols

Tier	Definition
Tier 1	Tier 1 drugs have the lowest cost share. These drugs offer the greatest value compared to others that treat the same condition.
Tier 2	Tier 2 have a medium cost share. They may be preferred drugs based on their effectiveness and safety. Some are newer, more expensive generic drugs.
Tier 3	Tier 3 drugs have a higher cost share. They may cost more than others used to treat the same condition. Tier 3 may also include drugs that were never approved by the FDA.

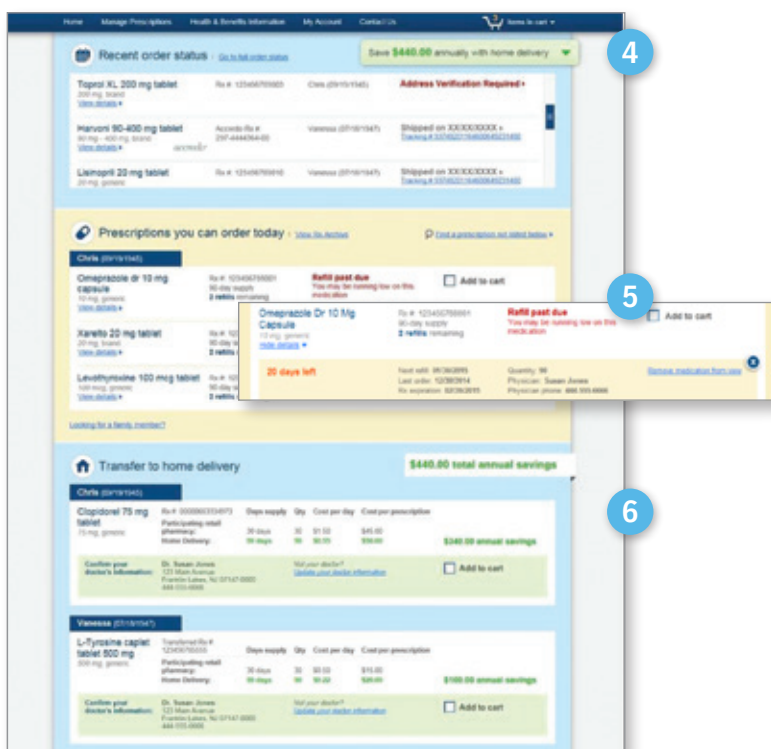

4 Check your prescription order status

Receive more accurate expected order ship date(s) as well as more concise and consistent messaging when an order has a delay.

5 Refill and renew prescriptions

6 Transfer to home delivery

Get home delivery for the whole family on eligible prescriptions.

You can even find many of the same helpful tools on your mobile device, so you can manage your drug benefit wherever you are. Think of the new pharmacy tools on anthem.com as a one-stop-shop for many of your prescription benefit needs. You can also:

- Price a medication.
- Change the auto refill settings.
- Switch to home delivery.
- Make payments and view payment history.
- Get member ID cards.
- Learn about drug and health news.
- Set communication preferences.
